30 Days Prior To Move

- Decide what to keep, sell, or trash (Google "local donation centers" for more info)
- Research and select a moving company (like 3 Men Movers)
- Transfer or cancel utilities & services (you can set specific dates for when you want your services to end/start so that there's no overlap)

2 Weeks Prior To Move

- Purchase packing materials - properly packed items save you money in damages
- Confirm travel plans (if leaving city or moving out of state)
- Set your first night essentials aside (change of clothes, coffee pot)
- Start packing - room by room is the easiest way to tackle this task
 - Book packers and let the professionals pack you quickly and carefully
- Send "change of address" notifications to your local post office

Move Day

- If you booked movers, just sit back and let the loading begin
 - Make sure to keep valuables such as cash and jewelry on your person
- Do a final walk through of your old home - if leaving an apartment, walk through with landlord to prevent surprise fees
- Unpack at your new home
 - Book an unpacking service - you'll skip the "living out of boxes" phase

After The Move

- Swing by your old mailbox - you'll likely need to do this for two weeks
- Meet your neighbors and exchange information
- Explore your new neighborhood - Yelp is a great way to find new spots
- Update your driver's license if moving from out of state (you have 90 days in TX)
